

CLASSIC CANNER

The Classic Canner is a special deep Twist/Lug closure technically designed as a Continuous Thread to give packaging a classic home-made style.

The Classic Canner guarantees the functionality of a deep Twist/Lug closure with its perfect oxygen barrier performance for long shelf life. It is suitable for hot and cold filling and compatible with pasteurisation and sterilisation processes. It can be manufactured with a safety button/flip to indicate the vacuum seal.

Customers can enhance the “high end” premium appearance of their packaging by customising the design with a huge range of coatings, printing and lithographic design options. The Classic Canner comes in a 63, 66, 70 mm deep with other sizes in development.
