

THE NEW ALUMINUM CAP FOR WINE

Advintage™ wine cap

Tecnocap launches the **Aluminum Screw Cap** for wine bottles, which brings to market the latest in screw cap technology with the industry first all smooth-sided closures.

The choice of **Aluminum** material means:

- Lightweight nature
- Brighter finish for decoration
- Superior barrier qualities
- Good formability-strong but easily shaped
- Recyclability

It is available in different colors and can be printed with your logo or graphics - grapes, wine glass, bottle, etc. - for a custom look.
